

2016 AMAH MUTSUN SPEAKER SERIES

Join us for a documentary film screening:

The Doctrine of Discovery: Unmasking the Domination Code

The film tells the story of how legal and political systems, which are being used against Original Nations and Peoples to this day, are traced to little known Vatican documents of the fifteenth century. Those documents have resulted in a tragic global momentum of domination and dehumanization, and intergenerational trauma.

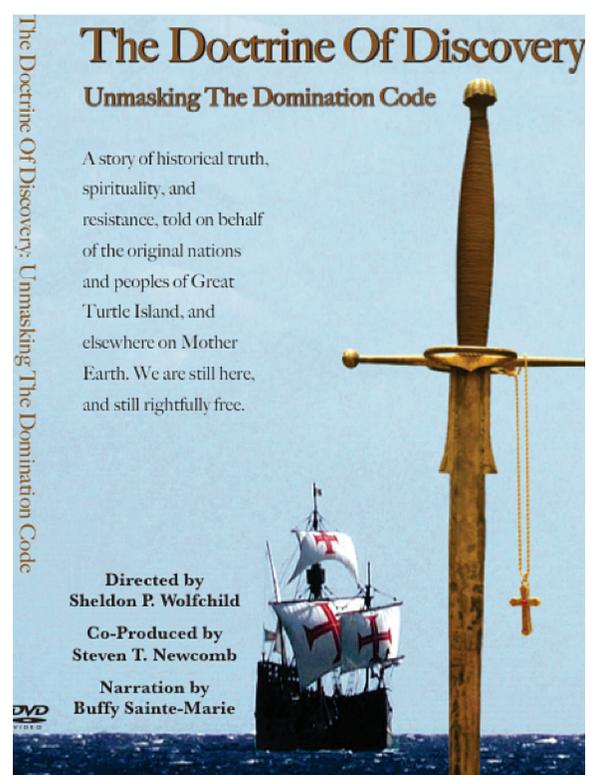

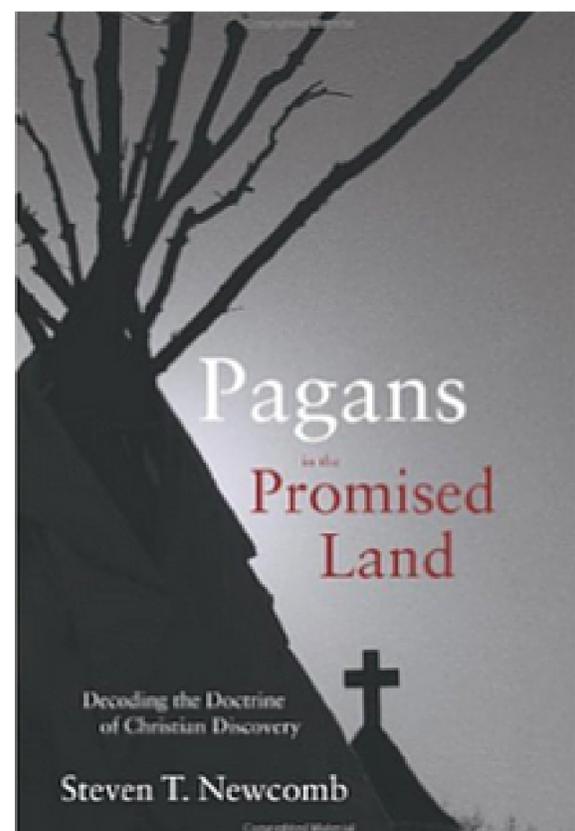

Followed by a discussion led by:
Steven Newcomb
Co-Producer of the movie and
author of *Pagans of the Promise Land*
